

DIG DEEPER WEEK 1

I MET KEVIN IN THIS WEEK'S VIDEO. TELL ME MORE ABOUT HIM!

Kevin is a youth pastor who lives in New York City and has a big heart for telling people about Jesus! He has a Master's of Divinity degree from Moody Theological Seminary and lives by his personal mission statement: To foster an environment for people to experience and grow in Jesus.

Here's what Kevin had to say when we asked him more questions about his life and ministry.

Can you tell us a bit about your family?

My wife Tiahna and I were married in August 2017. Tiahna is from Traverse City, Michigan, which is our favorite place to visit with family and vacation.

What would most surprise people about life in New York City?

You realize how much stuff you don't really need. Our entire apartment is the size of most people's living rooms.

What do you love about being a youth pastor?

I love how kids see the world. Their energy and excitement give me energy and excitement.

Do you have any hidden talents?

I can do 100 burpees in under 8 minutes!

What is your favorite ice cream flavor?

Aldi Brand Vanilla Bean Ice Cream.

If you had to eat one food every day for the rest of your life, what would it be?

Easy. Chips and salsa. The thin, crispy, hot chips you get at Mexican restaurants and their deli salsa.

What are a few of your hobbies?

I enjoy doing fitness classes. The crazier the better. I also love basketball. I play with people in

my neighborhood. I also love MOVIES. I have a subscription service that lets me watch as many movies as I want in theaters every month.

Why does the Great Commission get you excited?

It's everything to me. Specifically, I love knowing that God has called us to an impossible task that we get to do *WITH HIM*. Jesus says He'll be with us to the end of this age. We get to share the freeing power of the Gospel with people and watch God do miraculous things. There's nothing like seeing people know their value and worth in Christ.

What fascinates you most about India?

How young the country is and how fast it is growing. I love knowing that God is moving in this next generation in a way that the world has never seen.
